Permission Form for Online and/or Live-Streaming Instruction For Religious Education Year 2020-2021

St. Augustine Cathedral may be providing online and live-streaming instruction to child(children) including, but not limited to, while other children are attending the same class in person. Such synchronous instruction will be recorded by the school to provide the same course content to any students who are not able to attend the live session either in person or remotely. Because the course content is being recorded by the school, there is a possibility any child/children's identity/identities (name/face) may also be recorded during the instruction.

To protect the privacy of all students participating in St. Augustine Cathedral online program, students and all others (except the school as set forth above) are strictly forbidden from taking screen shots or recordings of the class, the instructor, or individual students during synchronous or asynchronous instruction.

I acknowledge my child(children) listed below may participate in recorded online classes that may result in my child(children)'s name and/or face being identified during the recording. I also agree to partner with St. Augustine Cathedral in enforcing the forbiddance of screen shots, recordings of the class, the instructor, or individual students by my child(children) or any others within my family or household (or under my supervision) during synchronous or asynchronous instruction.
